

WEATHER

Milano in October has a historical temperature of 8.4C (min) to 18.8C (max). Chances for rain are not negligible in fall, so come prepared. You can check out the weather on

and info on the city on wikipedia <http://en.wikipedia.org/wiki/Milan> .

TRAVEL

Milano can be reached through three airports: Linate (most convenient, close to the city), Malpensa (distant) and Orio (officially Bergamo's airport, used mostly by low-cost airlines). If you can, fly into Linate. On
